

# **Truth & Faith**

Andrew W. P. Gage

*A Knights of the Word Message*

**Wisdom is the ability to see  
the truth today and live by it.  
Challenging the world view  
that Christianity is nothing  
but a myth or just another  
opinion...**

**“Truth and Faith” is a book to dispute the world view, the mentality that Christianity is just another story or fable that we tell our children. Some scientists like to ridicule faith as childhood fantasies or just a human fabrication to answer questions that science can answer better. Psychologists like for us to follow their interpretation of how to live instead of God’s way. Even political leaders like to use and abuse religion to gain their own goals. We see it every day coming out of Hollywood, as they try to convince us to think as they do.**

**“Truth and Faith” is a book set out to prove faith and truth are to be the same thing. It is not a human understanding or the human way of thinking, but a recognizing of the truth of the world around us, one created by God. If God created the universe, he created how it works. He creates the truth of how the world works.**

**People believe the Universe is chaos, but imagine it is so far above our understanding that it appears chaotic to us, but to God, it is all one big plan. Now apply that truth to faith. After 30+ years of studying the bible, I have discovered that Jesus was in God’s plan before the creation of the Universe. Before the Earth came to be, Jesus literally is the image of God because he is God. Adam’s sin, Abraham’s promise, Moses law, and Jesus’s death were all part of the plan from the beginning. Played out for us a little at a time, so we could understand over the millennia, his plan from the beginning.**

**When Jesus died, he said, “It is finished.” The whole plan for redemption from the beginning of the world, the plan, was complete. Come explore these truths with me, and judge for yourself.**
